

AGREE IN PLANS OF IMPROVEMENT

Entrance to College Grounds at University of Virginia Will Be Beautified.

(Special to The Times-Dispatch.)
Charlottesville, Va., December 17.—The board of visitors of the University of Virginia, in session yesterday afternoon, approved of the plans for beautifying the entrance to the college grounds. The building known as the old "Temperance Hall," and containing the university post-office and a book store on the main floor, will be torn down and near the site will be erected a modern structure with a number of store rooms on the first and several suites of rooms on the second floor.

Other improvements include a handsome entrance gate, costing \$2,000, and a driveway connecting with the present road near the museum.

The vocational degree of bachelor of science in medicine was established for the student who desires to enter the public health service. It will be conferred upon the candidate who completes certain cultural courses and the whole of the first two years' work in the department of medicine.

The board accepted the offer of Mrs. Charles M. Blackford, of Alexandria, to establish in the university an annual prize to be called the Charles M. Blackford memorial prize, for the best essay on some theme from the field of law or sociology, submitted by a student in law school.

Rector Armistead C. Gordon, of Staunton, presided, the other members present being R. Tate Irvine, of Big Stone Gap; Congressman H. H. Flood, of Appomattox; and Dr. T. Oliver, of Fairfax, and Mr. William M. Randolph, of Charlottesville.

Court of Appeals.
The United States Circuit Court of Appeals reconvened yesterday morning at 10:30 o'clock with Circuit Judges Coffey and Fritchard, and District Judges Waddill and Rose in attendance. C. J. Faulkner, of Boynton, and R. L. Montague, of Richmond, were admitted to practice in this court.

The following case was argued:
No. 1428.—Adolph Arons, appellant, vs. Charles J. Faulkner, trustee in bankruptcy of M. Kaplan & Company, bankrupt, appellee; appeal from the District Court at Richmond, in bankruptcy. Cause argued by John A. Lamb, of Richmond, Va., for the appellant, and by C. J. Faulkner, of Boynton, Va., for the appellee, and submitted.

Case in court to-day:
No. 1130.—John Andrews, master of barge "Ella A. Dempsey," appellant, vs. Charles J. Faulkner, managing owner of steam tug "Prudence," appellee; appeal from the District Court at Richmond, in bankruptcy. Cause argued by John A. Lamb, of Richmond, Va., for the appellant, and by C. J. Faulkner, of Boynton, Va., for the appellee, and submitted.

BARN DESTROYED BY FIRE.
Blaze Started by Spark From Engine Used in Cutting Feed.
Amelia, Va., December 17.—A disastrous fire occurred about 5 o'clock yesterday morning on the dairy farm of E. H. Scott, about a mile from Amelia, causing the loss of a large barn filled with feed. For several days Mr. Scott had been cutting feed, using a steam engine to furnish power for the steam tug "Prudence," which was used to haul the feed from the engine, and it was impossible to do more than save the adjoining building, which was a small wooden dairy barn with cement floors, steel stalls and swinging stanchions equipped for forty cows, and which, but for a favorable wind, must have been consumed. It is said there was no insurance.

TO ADJUST DIFFERENCES
Railroads Ask Firemen to Yield Only on One Demand.
New York, December 17.—Fifty Eastern railroads announced through their committee of managers to-day their readiness to adjust differences with their firemen if the latter would waive their demand for two firemen in certain box cars locomotives. The announcement was made by Elisha Lee, chairman of the conference committee of managers, in a letter to W. S. Carter, president of the Brotherhood of Locomotive Firemen and Enginemen, which was read at a conference between the two parties.

It was set forth that if the two firemen demand was waived the railroads would settle the other demands or conceding to the firemen advantages similar to those offered by the board of arbitration in the case of the engineers.

It was said demands of the firemen both as regards working conditions and wages would mean a minimum total increase of \$15,134,000 to the railroads in cost annually, or 50 per cent of the firemen's present wages. In contrast to the firemen's estimate their requests would mean only a \$4,400,000 increase.

At a conference between the managers and the representatives of the brotherhood to-morrow, the reply of the firemen is to be presented.

City Wins Contention.
Judgment was entered yesterday in the Law and Equity Court in favor of the city of Richmond in the suit brought against the city by the Marine Bank of Norfolk.

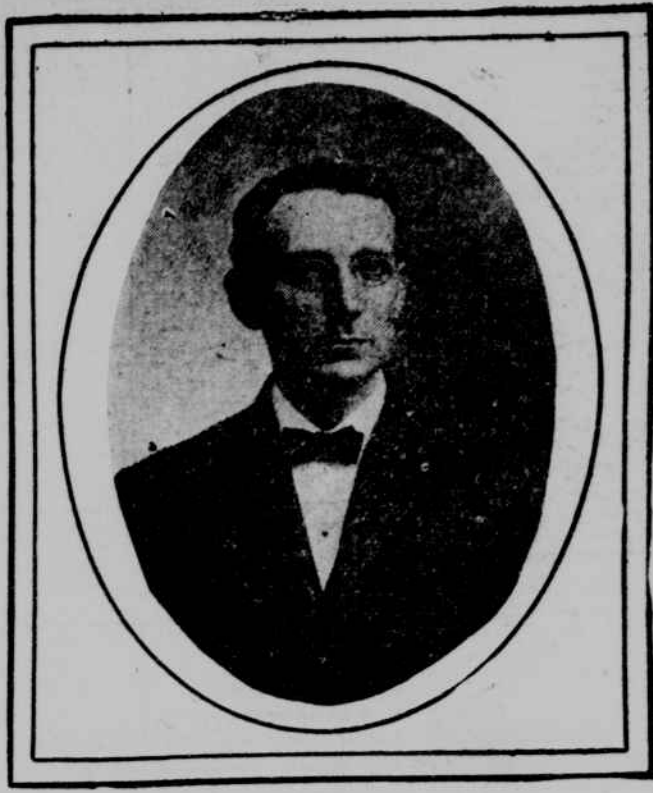

The bank sued to recover \$150 claimed to be due for coupons of old Manchester city bonds assumed by the city of Richmond at the time of annexation, which bonds have been taken up and redeemed by a new issue in the name of this city. The bank claimed that it did not see the notice inserted in various newspapers calling on the holders of bonds of this issue to turn them in.

Fine Chance for Catholics to Meet Cornell in Football Next Season.

Washington, December 17.—Vincent Bailey, athletic director at Georgetown, returned yesterday to take up the task of getting the football schedule completed. Both he and Manager Barrett have been working earnestly, and it is expected that Georgetown will have one of the best schedules ever attempted in recent years.

Whether or not the Blue and the Gray eleven will be able to cope with all of the big teams that Bailey has in view is a question. A hard game every week seems too much for any team.

Bailey has tried to book Dartmouth for a game at Springfield, Mass. He even went so far as to visit the Hanover, N. H., institution, and try to land it for this game. The Dartmouth management refused to consider the proposition simply because it already has too hard a schedule to warrant playing Georgetown.

Such a contest would surely have proved a big drawing card because Springfield would willingly support such a proposition. Since Bailey was unable to book this team, he immediately tried to get Cornell for a game at Ithaca. Cornell was unable to promise anything, but there is a fine chance of meeting this team next season. Coach Bailey stated that nothing had been done in regard to the coach of next season's team. It is absolutely certain that Eddie Bemis will not be on hand for next year. Whether Frank Gargan will be retained will be known until a meeting of the executive board is held. It is doubtful if Georgetown could procure a better man than Gargan to look after the welfare of the team, and he should be retained.

The young thieves are said to have gone in the office while the force was out with the exception of Miss Bernice Polard. The entire roster of cases which have arisen from the occurrence have been postponed until January 2 in order to allow time for Motorman Throckmorton to recover. ASK FOR ANNEXATION

Suburbanites Seek Consideration at Hands of Richmond City Council.
Enthusiastically agreeing with the speaker, 250 citizens of the suburban territory south of the James River last night at a meeting held in the Woodland Heights Baptist Church, indicated a strong wish to consider the annexation of the territory. The speaker, Colonel William T. Dabney, business manager of the Richmond Chamber of Commerce, by unanimously passing a resolution, petitioning the City Council to consider this territory along with the general policy of annexation advocated by the chamber. Augustine Hogg, chairman of the gathering, was chosen to convey the resolution to the Council.

The meeting was one of the largest ever held in one of the Southside suburbs. Solid citizens, representing Oak Grove, Swansboro, Woodland Heights and Forest Hill, filled the building to capacity. The speakers, called together for the purpose of hearing the benefits of annexation discussed by a man who knew the subject, and they got into the subject and plenty of it. If last night's meeting is any indication of the feeling of the majority of the people of these suburban villages they will soon be a part of the city.

Had Audience With Him.
Mr. Dabney had his audience with him from the start. At the conclusion of his talk he proposed that a resolution asking the Council to consider this territory be passed. By a rising vote every man and woman present endorsed the resolution in full. It is as follows:

Whereas, the Council of Richmond indicates that it will in the near future consider a general policy of annexation, and

Whereas, Forest Hill, Oak Grove, Swansboro and Woodland Heights seem to be in line with Richmond, and

That this makes meeting, comprising a large number of the taxpayers from the above mentioned vicinities, petition the Council of Richmond to consider

Car and Automobile Collide.
Luck, and luck only, prevented a serious, if not fatal, accident yesterday afternoon at 5 o'clock, when a southbound car on the Richmond-Petersburg electric line, in charge of Motorman Davis, collided near Thirtieth and Hull streets with a heavily laden motor truck driven by Duncan McKensie. The front vestibule of the car was caved in, and considerable glass shattered. The truck escaped apparently without a scratch. The operators of both vehicles narrowly escaped injury.

How the accident really occurred neither Davis nor McKensie could explain. It is thought that the truck, which passed the car at Twelfth Street, must have edged too close to the car tracks and the collision resulted. The damaged car was switched off at the Petersburg Turnpike, and another substituted. It was sent to the car barns for repairs.

Shipping Hothouse Vegetables.
Large quantities of winter vegetables are being shipped from Falling Creek and other nearby points in Chesterfield County to Northern markets, where handsome prices are being realized. The vegetables are raised in hothouses, and are claimed to be equal to the outdoor variety. This section of the county is rapidly forging to the front as a shipping point for fruits and vegetables of a first-class quality. Farmers are becoming interested in the science of forcing the season by the use of hothouses, and several more are contemplating trying the experiment.

Try Negro for Alleged Felony.
James Pryor, colored, will be placed on trial this morning before Judge Ernest H. Wells in Hustings Court, Part 2. The parties were Patti Mayo, represented by C. S. Pryor at the time of the shooting made good his escape. For twenty-four hours he was a fugitive. Finding the police dragnet closing in on him he surrendered at the Third Station. He was released on bail.

To Help Bethany Home.
No one should stock up and get the youngsters at Bethany Home, near Bon Air, Christmas morning. A number of Southside women, headed by Mrs. W. A. Carter, Mrs. T.
